Colombian Association of Engineering Schools (ACOFI)

Bogotá, Colombia

Dear Dr. Prieto,

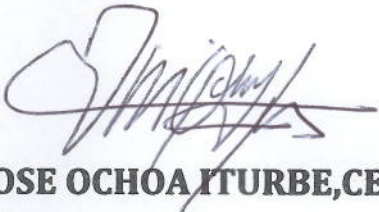

On behalf of the Network of Engineering Schools of AUSJAL(Latin American Association of Jesuit Universities), I am delighted to officially express my full support for the Colombian bid to host the World Engineering Education Forum in 2013.

We know very well the capacities of the Engineering School of Javeriana University that holds the Presidency of the Colombian Association of Engineering Schools (ACOFI), so I have no doubt that the World Engineering Education Forum will benefit from its active international network projection.

The World Engineering Education Forum can count on the full support of the Network of Engineering Schools of AUSJAL, that host 26 of the most important private engineering schools in Latin America.

Assuring you again of our highest consideration and cooperation.

Thanking you,
