Cra. 7a No 40-62
Ed. José Gabriel Maldonado, S.J. Piso 2.
Bogotá, Colombia

Dear Dr. Prieto:

Regarding your communication about the proposal for the World Engineering Education Forum 2013 event in Cartagena, Colombia, we'd like to confirm that ISTECS fully supports Javeriana's and ACOFI's bid to host this important international event.

We would welcome the opportunity to participate with a workshop on a topic to be determined, and look forward to receiving updated information as this process moves along.

Sincerely,

Dulce M. García
President
