AAUTOM WORLD ENGINEERING EDUCATION FORUM IN 2013
Observ:

Dear Dr. Prieto,

On behalf of the Colombian Ministry of Education, I would be delighted to officially express my full support for the Colombian bid to host the World Engineering Education Forum in 2013.

The Colombian Association of Engineering Schools (ACOFI) is a very well-known institution thanks to its contribution to raise the quality level of our engineering education. Since more than ten years, ACOFI has successfully organized and developed the national meeting of engineering schools with the support of our Ministry. For this reason I have no doubt that the World Engineering Education Forum will benefit from the ACOFI experience and added value.

The World Engineering Education Forum has the full support of the National Ministry of Education and we sincerely hope to welcoming the international engineering education community to Cartagena in 2013.

With my kindest regards,

MARÍA FERNANDA CAMPO SAAVEDRA

 Minister of National Education
